WELCOME MESSAGE

Dear Friends

Welcome to the 7th Annual Congress of the Society for Heart Failure and Transplantation (SfHFT2019), August 23-25th, at Hotel Grand Hyatt, Kalina, Mumbai. The scientific and the organizing team are all excited and geared for this academic feast.

Highlights of SfHFT2019:

1. CME Day (Friday, 23rd August) – update on the current guidelines and consensus in Heart Failure and Transplantation
2. Interactive scientific sessions – live polling through the app
3. What would I do & Controversy session by experts
4. Dedicated workshops (limited seats, register early):
 - a. Imaging workshop: Echo, CT & MR
 - b. ICD – CRT programming workshop
 - c. ECMO workshop
 - d. LVAD workshop (already full)
 - e. Setting a Heart Failure clinic
 - f. Setting a Heart Transplant Program
5. Six international faculties to interact with. An informal 'Breakfast' session with the faculty, August 25th, Sunday morning (ask anything, which you always wanted to but did not get the opportunity!)
6. Award sessions (last date of submission 31st July):
 - a. Interesting Heart Failure case presentation – best case wins an I-PAD
 - b. Oral paper presentation – best paper wins a 3 month international observership in Heart Failure & Transplant program
7. Clinico-pathologic co-relation (CPC) in Heart Failure & Transplant cases
8. Panel Discussion with zonal, regional, state & national regulators of Heart Transplant
9. Heart Failure & Transplantation TV: discussion amongst the experts beyond the scientific program
10. CME credits from Maharashtra Medical Council

Once again welcome to 'Aamchi Mumbai'

Goal/Highlight: Learn ECMO basics & tips-tricks from the experts

Topics to be reviewed: indications, contraindications, components of ECMO circuit, cannulation techniques, strategies to preserve distal limb perfusion, monitoring anticoagulation, weaning ECMO support and troubleshooting common technical/clinical issues

Target audience: Cardiologists, Cardiac surgeons, Intensivists, Cardiac anesthetists & post-graduate students in Cardiology and Medicine

Cardiac Imaging – Dr. Nitin Burkule, Robin Pinto, C.K. Ponde, Christopher Johann, Harin Vyas, Shantanu Sengupta

Duration: 90 mins

Time: Saturday, August 24th, 2019; 10:15 am to 11:45 am | Venue: Grand Hyatt, Mumbai

Goal/Highlight: 'Live-in-box' case-based discussion of complex clinical scenarios. The workshop will be conducted in a dialogue manner.

Topics to be reviewed:

- Echo assessment of ventricular dyssynchrony
- Assessment of severity of regurgitant valve disease in LV dysfunction patients
- Dobutamine stress echo in Low flow low gradient AS
- Cardiac MRI – what information in heart failure patient? LGE, T1, T2 & ECV jargon simplified
- Speckle tracking & GLS: how & utility

Target audience: Cardiologists, Internists & Intensivists, Cardiac anesthetists & post-graduate students in Cardiology

Setting-up a Transplant Program -

Ashish Gaur, Sandeep Sinha, Lijamol Joseph (Transplant Coordinators)

Duration: 90 mins

Time: Saturday, August 24th, 2019; 12:20 pm to 1:50 pm | Venue: Grand Hyatt, Mumbai

Goal/Highlight: Learn tips and tricks on how to start your own transplant program

Topics to be reviewed: logistics related to licensing, obtaining requisite government clearances, working with respective Zonal/State transplant committees, pre-transplant recipient counseling, selecting skilled & trained team members, building your transplant wait-list and managing donor calls

Target audience: Cardiologists, Cardiac surgeons, Transplant Co-ordinators, Hospital Administrators, Intensivists & Cardiac Anesthetists

WORKSHOPS

Programming ICD & CRT – Ashish Nabar, Ajay Naik, KK Narayan Namboodiri, C.

Narsimhan, Jagmeet Singh, Rajesh Badani

Duration: 90 mins

Time: Saturday, August 24th, 2019; 2:15 pm to 3:45 pm | Venue: Grand Hyatt, Mumbai

Goal/Highlight: Learn trouble shooting in programming of ICDs & CRT devices to improve patient outcomes from our expert EP trained panel.

Topics to be reviewed: The following topics will be covered as 'Live-in-box' format

- Programming of single / dual chamber AICD in pts with primary / secondary SCD prevention
- How to reprogram the AICD in case of multiple appropriate / inappropriate shocks?
- How to achieve cardiac synchronization with CRT devices? Role of ECG, Echo & device prescribed automatic algorithms?
- Advances in ICD & CRT devices to improve outcomes – assessing volume overload, quadripolar & multi-point pacing, AHRE episodes, sleep apnea detection etc.
- Remote monitoring in India – why, when & how?

Target audience:

Interventional Cardiologists and CIED implanters & post-graduates in cardiology

LVAD with LIVE Wetlab – Dr Catherine Sudarshan, Dr Balakrishnan, Dr Anvay Mulay,

Dr Majid Mukadam and Dr. Kewal Krishan

Duration: 90 mins

Time: Saturday, August 24th, 2019; 3:45 pm to 5:15 pm | Venue: Grand Hyatt, Mumbai

Goal/Highlight: Hands-on LVAD surgical training with LIVE Wetlab training by our national & international experts on porcine and bovine cardiac specimens.

Topics to be reviewed: surgical techniques, anticoagulation management, LVAD alarms, hands-on experience with LVAD controllers and monitors, troubleshooting common clinical issues, optimizing LVAD speeds

Target audience: Cardiologists, Cardiac Surgeons, Intensivists & Cardiac anesthetists

Setting-up a Heart Failure Clinic – NK Reddy, B K Shastry, Purshottam Desai

Duration: 90 mins

Time: Sunday, August 25th, 2019; 9.30 am to 11.00 am | Venue: Grand Hyatt, Mumbai

Goal/Highlight: Learn how to initiate and manage your own Heart Failure (HF) clinic from established HF clinic directors.

Topics to be reviewed:

In this workshop we will discuss how the heart failure clinics are being run in India and how to start a clinic from scratch. We will also introduce the concepts and tools used in some of the successful heart failure clinics in India

Target audience: Cardiologists, Nurses & Technicians, Post-graduates, Transplant coordinators, Hospital administrators

Heart Failure TV – Discussion Amongst Experts!

Heart Failure TV – will be scheduled from
Friday 23rd August 12.00 pm to Saturday 24th August 2.00 pm

Topic	Discussants	Moderator
• Heart failure epidemic in India	Ambuj Roy, PP Mohanan, Harikrishnan S	Shireesh Sathe
• Practical use of Biomarkers in heart failure	Saumitra Ray, Bhaskar Shah, Rajeev Rajput	Brian Pinto
• HFREF: Newer echo parameters	Shantanu Sengupta, Harin Vyas	Manish Bansal
• Role of MRI and CT in heart failure	Christopher Johanan, Alpa Bharti	Nitin Burkule
• Constant dilemma: when to revascularisation patient with heart failure	Harikrishnan S, Kirti Punamiya,	Ganeshkumar
• Recent advances in management of 'Acute decompensated heart failure'	Purushottam Desai, Mahesh Fulwani	J P Jadwani
• ARNI: Practical guidelines & beyond	Dhiman Kahali, Ajit Bhagwat, KG Gupta	Sadanand Shetty
• Does every HFREF patient require CIED?	Jagmeet Singh, Ajith Kumar VK, Rajnish Sardana	Darshan Jhala
• Durable Mechanical circulatory support: in the Indian Context	Mandeep Mehra, Vijay Shetty	Charan Lanjewar
• PA catheter: Is it making a comeback?	Bharesh Dedhia, Vijay D'Silva	Uday Mahorkar
• Heart transplant... the road ahead	Majid Mukadam, Catherine Sudarshan	Vidyadhar Lad
• Heart Transplant in India: for whom & when?	Praveen Pai, Dhiren Shah	G R Kane
